Overcoming Obstacles continued

Next, David wanted to know where the king was, and his brothers explained that the king did not feel so well.

When David told the brothers he would fight Goliath, they figured he was crazy. Obviously, the brothers were comparing their size to Goliath's, and that made nine-foot Goliath pretty big. David was comparing Goliath's size to God, and that quite obviously made Goliath pretty small.

Whatever your obstacle may be, the size is never larger than the ability of God and the petitions of His children.

Overcoming Obstacles
The nine-foot, 400-pound Goliath challenged the children of Israel and blasphemed Almighty God. David, a seventeen-year-old fuzzy-cheeked lad who came to visit his brothers demanded to know why they were not accepting the challenge.

The brothers explained that you could easily get hurt by fighting fellows like Goliath. They felt certain Goliath was just too big to hit. David knew that Goliath was too big to miss with God's help.
